

# Stand-Up Paddleboards

## What SUP?

### Special Pricing on Stand-Up Paddleboards!!!

If you have water locations and haven't already gotten on board, you should consider SUPs - Stand-Up PaddleBoards ... a fun and exciting combination of surfing, canoeing and kayaking for the entire family!

Wheel Fun Rentals has a relationship with YOLO Board offering special pricing for YOLO Yak SUPs of \$595 for orders of four or more (normally \$695 each), and one-size-fits-all Cannon Adjustable Shaft Paddles for \$60 each.

#### Why rent SUPs?

- SUPs are all the rage as this emerging sport is quickly becoming the fastest growing water sport in the world.
- Consumers are actively searching for a place to try the sport and find out what the SUP buzz is all about, particularly while on vacation.
- The ease of learning stand-up paddling makes it a fun outdoor activity and/or work-out for the whole family.
- Great on lakes, rivers, channels and in the ocean for paddling and fishing.

Yolo Yak

Now thanks to YOLO Boards there is a rotomolded SUP which is just about indestructible and highly applicable to the rental business. Produced using the best marine technology available, the YOLO Yak is made of rotomolded polyethylene (just like your favorite sit-atop kayak), making it the most durable multi-use stand-up paddleboard on the market.

The YOLO Yak features include a front bungee tie down system, molded-in keel system, foam traction pad, with both side and rear handles. At 54 lbs., 11'10" long and 33" wide, this board is designed with recessed deck to provide additional stability.
